Aircraft, Out Time, In Time are missing

Tap to close out flight. Open flights can affect your legality calculations.

ALERTS

You have flights that are not closed out. Open flights can affect your legality calculations. 

Entries needing attention will be listed along with the type of data missing from that entry.

Tap on any entry to go to the [Leg View](#) for that entry and update the necessary data.

 In order to increase speed, Crosscheck only looks back 1 year from the current date. Any missing flight information greater than 1 year old will not be detected by Crosscheck.
