

Version 8.2.0

This release represents improvements to Check Schedule, introduces a Van Time Reminder notification feature, and addressed a handful of maintenance items.

Check Schedule:

- Supports FLICA users who have FLICA Access Anywhere or FLICA Mobile Access service.
- Added support for Endeavor Air.

New Features:

- Added Hotel Departure reminder interactive iOS notification (controlled by Settings > Notifications (Reminders))

Maintenance Items:

- Fix layout issues on iPhone 6/7 Plus
- Slightly improved vacation entry
- Fix Airport Standby issue where standby always shows FDP as projected
- Only project duty that applies to flight time or legality
- Add Hatay Airport (HTY) to Airport Database
- Improved Check Schedule processing when a schedule change occurs while in the middle of a trip
