

Version 8.5

Version 8.5 for Logbook Pro on Apple iOS powered devices brings the following revisions:

- Enhanced endorsement handling including the ability to print endorsements from your device
- A new My Endorsements row on the home screen that goes to your NC Software account (<https://nc-software.com/MyEndorsements>) to view and print endorsements such as on adhesive backed paper
- Various user-interface improvements and bug fixes
- Minimum iOS version is 14.0 for this release
